Tubificio del Friuli SpA produce tubi rettangoli in acciaio al carbonio per impieghi di precisione che trovano applicazione in diversi settori, tra cui arredamento, automotive, energia ed impianti. Forniamo tubi rettangolari in acciaio profilati ed elettrosaldati, con dimensione esterna da 15 x 10 mm a 110 x 30 mm e 100 x 40 mm e spessore da 0.6 mm a 3.0 mm, disponibili in varie finiture, quali decapati, laminati a freddo, zincati, ad alto resistenziale, dual-phase e ulteriori tubi rettangolari su richiesta.
